Canva Magic Design Prompt

Create a premium mortgage-partner marketing system for “Lending Readiness Partners (LRP).” The brand helps mortgage professionals retain credit-challenged applicants by referring them into a structured credit-readiness and education process. Use deep navy, professional blue, teal, white, and restrained gold accents. Style: modern financial-services brand, sophisticated, trustworthy, spacious, high contrast, clean grids, subtle line icons, no cartoon houses, no fake credit-score gauges, no guarantees. Tagline: “Helping More Borrowers Become Lending Ready.” Include editable placeholders for phone, email, website, QR code, and partner logo. Produce coordinated flyer, brochure, rack card, social square, story, LinkedIn carousel, email header, and retractable banner concepts.

Production QA Checklist

- Replace every bracketed placeholder.
- Test QR codes from a printed proof.
- Keep body text at readable print size.

- Use only licensed images and icons.
- Do not publish unverified testimonials or numerical claims.
- Route compliance-sensitive materials through qualified legal/compliance review.
- Export print files as PDF Print with bleed and crop marks when required by the printer.
